

# Sprint Planning Document

## Spring 2:

**Spring Dates:** 30 Sept – 12 Oct 2025

**Sprint Goal:** Finalize advanced features, optimize performance. Focus on role enforcement, CSV Export function, sharing feature, and UI polish.

### 1. Committed Backlog Items

User Story ID	Description	Priority	Story Points
US-15	CSV Export of Attendee List	Medium	5
US-22	Share Event	Medium	3

### 2. Task Breakdown

#### US-15: CSV Export of Attendee List

- Backend endpoint to stream CSV (3 pts)
- Frontend button on organizer view (2 pts)

#### US-22: Share Event

- Frontend button to generate copyable URL (3 pts)

### 3. Definition of Done

- Organizers can export attendee lists as CSV files.
- Users can share events via URL.
- All features pass integration testing with no bugs.
- All Spring 2 bugs resolved.
- Ready for demo with all promised functionality implemented and tested.

### 4. Risks

- CSV export feature may cause performance issues when exporting large attendee datasets.
- Browser compatibility or permission issues might affect the “Copy Link” sharing function.
